Building the bridge to success together

Monday 15th November 2021

Dear Parents and Carers,

I am writing to let you know that there has been an increase in Covid-19 cases over the weekend. Cases have been identified in 6M, 5E, 4B, 2S, 1M, 1C, FS2G and FS2JW. Advice from the East Riding of Yorkshire Council schools' support team and public health has been sought and they agree that our measures of increased handwashing, regular touch point cleaning and keeping the children in year groups are a suitable measure at this time.

Children who are close contacts of someone with Covid-19 are no longer required to isolate. **Your child is able to continue to attend school unless they develop symptoms of Covid-19 or are unwell.** If they do develop symptoms, please keep your child at home, book a PCR test for them and inform the school office. It is recommended that children of primary age obtain a PCR test rather than relying on the outcome of a lateral flow test.

The three main Covid-19 symptoms remain to be; a temperature of 37.8 degrees or higher; a new continuous cough; a change to or loss of taste and/or smell. However, the most commonly reported symptoms of the Delta variant include; headache, sore throat, tiredness, and cold-like symptoms, so please be vigilant and seek testing if you are in any doubt.

Should you require any further information, please do not hesitate to get in touch.

Kind regards

Miss Jackson
