

# All Saints' News

Edition: 1

Date: 11.09.23

Welcome to the first newsletter of the school year. To our new families, I am delighted to welcome you to All Saints' and we look forward to working with you to ensure your child has a happy and successful school journey. As well as welcoming many new children to All Saints', we have also welcomed some new staff members - we are thrilled to have you as part of our team. Mr Blake has joined our school as site manager. This is a new role within the school and you may see him after school when he is opening and locking the gates. It has been amazing to welcome Mrs Scott back to All Saints' following her maternity leave and we are very, very pleased to have Miss Reeve back with us following her brave cancer battle.

We have had a fantastic start to the new school year and were amazed last week at how brilliantly the children settled into their new classes and school routines. The children enjoyed their Wow days and launched into their new topics with excitement and enthusiasm. They have truly been a wonderful credit to you all and we are very excited for the academic year ahead. Miss Jackson

## School Behaviour Policy

During the first week of term, all children have been reminded of our whole school behaviour expectations. Our approach, rewards and promotes positive behaviour whilst supporting children in overcoming any difficulties which may arise. We support children's resilience and operate a team approach where our aim is to provide children with the skills and tools to successfully resolve conflict, understanding how the choices they have made have affected others. We promote positive language and look to find opportunities where children can succeed and have good choices in their behaviour recognised. We use the language of 'wow' and 'good' but equally we are consistent in our high expectations that children within our care, guidance and support can make mistakes but then rectify the result of their actions and actions.

### **We have three simple school rules;**

- **We use positive language and only say kind and polite words.**
- **We keep control of our hands, feet and objects.**
- **We follow instructions.**

## What is the Nurturing Programme?

Children are rewarding, stimulating and fun, but looking after them can be stressful and challenging.

The Nurturing Programme helps deal with those challenges so that you can have a calmer, happier life.

A tried and tested programme, it helps us think about what we do, why we do it and how it makes us feel.

## The Building Blocks of the Nurturing Programme

## What does it cover?

Over the 10-week Programme, you will look at lots of different topics, including:

### Understanding

why children behave as they do

### Recognising

the feelings behind behaviour (ours and theirs)

### Exploring

different approaches to discipline

### Finding

ways to develop co-operation and self-discipline in children

### Learning

the importance of looking after ourselves

## Practical information

Partners are welcome and it's also fine to come on your own or with a relative or friend

There are ten 2-hour sessions with a tea and coffee break

8-10 parents are invited and there are two Family Links trained group leaders

you need to come to all ten sessions as they fit together like a puzzle

the best chance in life

## How Nurturing Programme parent groups have helped other parents

"I am a much more confident, positive and understanding parent. I feel much more able to cope now."

"We are having less family arguments and the household is a lot calmer."

"The group was fun. It's the only two hours I have for myself each week."

"The atmosphere was really relaxed. No-one judged anyone and everyone was listened to and respected."
