# All Saints' News

Edition: 18

Date: 05.06.26

I hope you all enjoyed the half term break and the children found time to rest and recharge, ready for the final half term of the year, which is always a busy one! Already this week, we have had a Maths WOW day, all four Year 4 classes visiting Flamborough to explore coastal erosion and daily mile events for both infant and junior families. Thank you to all the parents, grandparents and carers who joined us for the daily mile. It's always lovely to see such energy first thing in a morning and sets people up for the day!

The children have all returned to school with positivity and eagerness, showing particular enjoyment in their new topics and seeming genuinely interested in them. In the next newsletter, I should be in a position to share the class organisation and teaching structure for the coming year along with the transition arrangements. Wishing you all a lovely weekend

## Maths Day

On Monday, we held our Maths Day. The children and staff, had so much fun dressing in maths related outfits or as a TT Rockstar! On the day, the children engaged in several mathematical learning opportunities, demonstrating and practicing a range of skills.

Thank you to all parents and carers for supporting the event.

## Diary Dates—June

Please see the Summer term Calendar of Events for this term's events.

## Sun Safety

As we see more warmer weather, please remember to send your child into school with a sun hat/cap and a refillable water bottle. All day sunscreen should be applied before school. If you are sending sun cream into school, please make sure it is labelled with your child's name. It is for their use only. Please also teach your child how to apply this themselves. Adults can guide them, but they cannot apply it for them.

## School Carpark

The school carpark gates close at 8:30am. Up until this time, vehicles have access to the site. For your own safety and the safety of your children, before 8:30am, the safest route is along the pathway on Northolme Road. If you choose to walk through the carpark, it is advised to walk near the edges of the driveway and keep your children close by. Scooting and bike riding is not permitted on the school site.
