

All Saints' News

Edition: 4

Date: 23.10.26

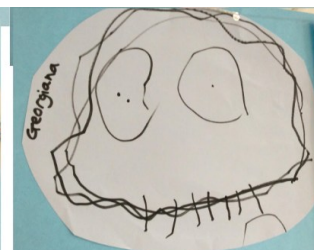

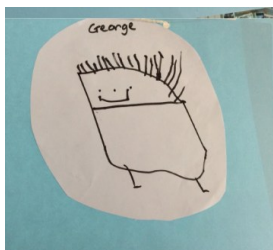

We have had a fantastic first half term of the academic year. Our new children have settled brilliantly and have soon become well established within our school team. The classrooms have been a hive of activity with some wonderful topic learning taking place.

Our main school development priorities this year are to continue to improve the quality and consistency of teaching by both securing the fundamentals and providing appropriate challenge to raise outcomes for all pupils, and to strengthen inclusive practice to improve outcomes for disadvantaged and vulnerable pupils. Updates on progress will be shared as the year progresses.

Thank you for your continued support. I wish you all a wonderful half term and look forward to seeing you all back in school on Monday 2nd November when school reopens.

New Reception Starters September 2027

Are you considering sending your child to All Saints' CE Infant Academy in September 2027?

The first opening evening was very popular and thoroughly enjoyed by those families who attended. The next Open Evening is planned for Monday 16th November at 3:45pm.

This will be an opportunity for you to view the environment and talk to staff.

Please see the leaflet for more information and contact the office to request a place for any of the dates advertised. Open to current families in our school nursery as well as families with children attending other or no settings.

DLA Forms – Important Information for Parents and Carers

Due to the significant increase in the number of Disability Living Allowance (DLA) forms we are receiving, we are unfortunately unable to complete these forms unless they relate to a child who has an Education, Health and Care Plan (EHCP) or a specific medical plan in place. We appreciate your understanding and thank you for your continued support.

School Readiness for September 2027

Free NHS Dental Care for Children Under 18

We are pleased to let you know that 543 Dental Centre is currently accepting new NHS patients under the age of 18 for dental care.

We believe that looking after your child's teeth from an early age is important in helping them maintain good oral health throughout their lives. Regular dental visits allow us to monitor your child's dental development, provide preventative advice and identify any problems at an early stage.

As part of your child's NHS dental care, we can provide:

- ✓ Regular dental examinations
- ✓ Advice on brushing and maintaining good oral hygiene
- ✓ Fluoride and preventative treatments where appropriate
- ✓ Dietary advice to help prevent tooth decay
- ✓ Fissure sealants where clinically appropriate
- ✓ Treatment for dental problems when required
- ✓ Advice and support for parents and children on maintaining healthy teeth and gums

We encourage parents and guardians to register their children for regular dental care and to attend routine appointments, even when there are no obvious dental problems. Regular visits can help identify potential problems early and support good oral health as your child grows.

NHS How to register

If you would like your child to receive NHS dental care at our practice, please contact us on 01482 565488 or visit the practice at 543 Dental Centre, 543-549 Anlaby Road, Hull, HU3 6HP

Our friendly reception team will be happy to answer any questions you may have, provide further information about NHS availability, and guide you through the registration and appointment process.

We look forward to welcoming you and your child to our practice and supporting them in achieving and maintaining a healthy, happy smile.
