

Dear Parents and Carers,

We are very excited to let you know about a local area visit we have planned for Year 5 to **Bridgehead Business Park on Tuesday 13th October**.

During our visit, the children will have the opportunity to explore a range of different businesses and learn more about the work they do. Each Year 5 class will visit a different business, where they will find out about the organisation and take part in a range of exciting and engaging activities.

The visit will provide the children with a fantastic opportunity to develop their understanding of the different jobs, skills and roles within our local business community. When we return to school, the children will have the opportunity to present what they have discovered to the rest of the Year 5 children.

We will leave school **after registration at approximately 9:00am** and walk to Bridgehead Business Park. We will return to school in time for lunch at approximately **11:45am**.

Children will take their water bottles and they are able to bring a small snack (a piece of fruit, rice cakes or breadsticks) if they wish.

As we will be walking to and from the business park, please ensure that your child is dressed appropriately for the weather and is wearing comfortable footwear.

If your child has an appointment during the time we are away from school, please inform the school office in advance so that we can make the necessary arrangements.

We completely understand that your child's safety and whereabouts are incredibly important to you. However, we would like to remind parents and carers that **AirTags and other tracking devices should not be used to track children** during school visits. If an AirTag is found before or during the visit, it will be left in school or disabled. Apple's guidance states that AirTag is designed to help people locate their personal belongings, rather than to track people or another person's property.

We are really looking forward to this exciting opportunity and know that the children will enjoy discovering more about the businesses in our local community and sharing their learning with one another.

Thank you for your support.

The Year 5 Team
